

<b>Matrix</b>	AA 18
<b>Activity</b>	<i>Develop community-based design guidelines for new multi-family, commercial and mixed-use developments to ensure their compatibility with the character of the Morgan Junction neighborhood. These guidelines should address building height, building setbacks, and building bulk and shape.</i>

**Priority** Top

**Status:** In-Progress

**Sub-Activity** Develop community-based design guidelines in preparation of the monorail station at Morgan Junction. Guidelines should address height, setbacks, bulk and shape of buildings.

**Summary** Department of Planning and Development (DPD) has engaged the services of their design guidelines consultant to work with the community on neighborhood specific design guidelines. The draft design guidelines will be presented to the community for comments/input in early 2005. The final version of the Design Guidelines will be submitted to the Seattle City Council for adoption in Q1 2005.

	DPD	Lead	John Skelton, Scott Dvorak, 233-3883, 684-3139

<b>Matrix</b>	KIS 1.6
<b>Activity</b>	<i>Redevelop and renovate the Lincoln Park Annex with a panoramic viewpoint and picnic area, natural terraced seating on the existing slope and interpretive signage.</i>

**Priority** Second

**Status:** In-Progress

**Sub-Activity** Redevelop and renovate the Lincoln Park Annex with a panoramic viewpoint and picnic area, natural terraced seating on the existing slope and interpretive signage.

**Summary** Work on the P-Patch is nearing completion and plot requests and assignments are now underway.

<b>Implementors</b>	<b>Department</b>	<b>Role</b>	<b>Contact Name and Number</b>
	Neighborhoods	Lead	Rich MacDonald, 386-0088
	Parks and Recreation	Lead	Lynn Sullivan, 733-9105

<b>Matrix</b>	KIS 1.2
<b>Activity</b>	<i>Acquire the SCL substation on Morgan Street for possible future park/plaza space and/or reconfiguration of street intersections in order to support the Green Crescent while at the same time improving traffic flow and pedestrian safety.</i>

**Priority** Third

**Status:** Not started

**Sub-Activity** Acquire and develop the Morgan substation parcel on SW Morgan street.

**Summary** This substation is not expected to be surplus by Seattle City Light until 2006.

<b>Matrix</b>	AA 11
<b>Activity</b>	cont' from AA10: - Permit new multifamily housing only in areas zoned for multi-family and commercial use as of April 1, 1998.  - Permit new commercial uses only in areas zoned for commercial and mixed-use as of April 1, 1998.

**Priority** Fourth

**Status:** In-Progress

**Sub-Activity** Request community input before initiating any new rezoning of commercial and residential areas impacted by Monorail Green Line.

**Summary** Any rezone proposals will require community notification. There was a series of station area planning meetings in Summer 2004 to talk about possible approaches for station area action plans, including any potential rezones. Draft Station Area Plans will be presented to the community in October and November 2004. Any zoning recommendations will be predicated on further study, with community involvement.
